

## LED LIGHTING

### **Vexos is lighting the way for customers seeking LEDs in their various product applications.**

Spanning multiple industries, Vexos has a wide range of EMS experience and expertise in the LED industry. Our knowledgeable team of engineers and program managers understand the unique challenges of LED technology and have extensive experience in thermal management, LED machining and binning, light combinations, as well as precision placement on circuit boards containing LEDs.

Positioned globally, Vexos provides flexible and adaptable solutions from NPI to full production, and product transition to next generation production, giving OEMs a competitive advantage in their marketplace.

#### SAMPLING OF PRODUCTS

Vexos continues to be a valued supplier to the lighting industry, working with OEMs in the following categories:

- LED driver assemblies
- Light strips and chains
- Commercial light fixtures
- Plasma lighting products
- Solar powered premise lighting
- Industrial signage
- Automotive lighting

### The Power of a Strong Partner

- Full-service EMS provider specializing in high-mix, low- to mid-volume programs
- 25+ years of electronics manufacturing experience
- Exceptional quality assurance and certifications
- Unique global footprint to match your manufacturing requirements
- Flexibility to expand as your program grows

#### SERVICES AND SOLUTIONS

- Printed circuit board assembly
- New Product Introduction
- Rapid prototyping
- LCD display
- SMT assembly
- Cable assembly
- Machining
- PCB: flexible circuits, rigid circuits and rigid-flex
- Custom plastics
- Metal fabrication plating and surface finishes
- Final test
- Wireless technologies: RF, GPS, satellite, WiFi and others
- Detailed box-build/systems assembly
- Supply chain and logistics management
- Aftermarket repair and support

## Dependable Quality

Vexos achieves the highest quality levels by utilizing the latest equipment, processes, quality standards and certifications across the organization; to enable a flawless launch of each individual program.

- Rigorous selection of sub-contractors or partner factories
- Performance evaluation and monitoring through regular audits of the factories
- Continuous training for personnel at all levels
- Document control to safeguard your data and release of technical documents
- Sample approval process including production part approval process (PPAP)

## Certifications

- ISO 9001:2015
- ISO 13485:2016
- ISO 14001:2015
- FDA registered
- OHSAS 18001:2007
- RoHS and Non-RoHS
- IATF 16949:2016
- CGP certification
